Jacob D. Frank

DESIGNER, DEVELOPER, AND ASPIRING MANAGER

EXPERIENCE

Adobe | Starting August, 2019

Experience Designer, Design Systems Tooling Team

Will be leading design for the design systems tooling team at Adobe.

Adobe | Summer 2018

Design Intern, Design Systems Team

Designed and developed a prototype for a web tool used to create and assemble complex design patterns for export and sharing.

B-Reel | Summer 2017

Creative Technologist Intern

B-Reel is an international creative agency and my internship focused on front-end development and design. Contributed to various projects, including clients LG and American Express. Gained experience collaborating with a development and design team.

Thought At Work Design Conference | September 2015 - Present

Lead Designer & Developer, Co-Coordinator

Lead the creative direction and design, developed the website and managed a design team as well as hierarchical structure of volunteers to put on a 3 day (350+ attendee) design conference at RIT. Went from writing CSS to co-coordinating the conference. Currently leading the transition of the conference from to a multidisciplinary design org.

New Media Club at RIT | Sepetmber 2016 - Present

Webmaster & Mentor

A club for New Media Design majors and those interested in design. As Web Master I manage the club's website, participate in planning meetings and worked on redesigning it. As part of the NMC mentorship program I've had the pleasure of mentoring many different students and see them grow.
